

4.30.21.

The Honorable Judge Drain:

FILED
U.S. BANKRUPTCY COURT
2021 MAY -3 A 11-41

S.D. OF N.Y.

I am writing to ensure that
my friend and IHSS client,
Julian P. Zukmann (claim #5
619 650 and 14 0001), does not
fall through the cracks. Your
deputy, Ms. Dorothy Li, adv. me
to listen in on the hearing on
4/21/21 (rescheduled for 5.4.21). I
heard you say that 2200 claims
from the Purdue case were "lost"
due to a computer glitch so I
wrote to make certain Julian's
claim was not jeopardized. His
situation was (is) so significant
that I am seeking on his behalf
the appropriate and fair compensation
for the extensive damages incurred.
Julian sustained dramatic and
(some) permanent/irreversible

injuries from his 3 year OxyContin
usage, as well as the 5 years after
he finally was able to get off of the Rx.
Gablin, as previously stated and submitted,
was prescribed OxyContin for "knee
pain and depression" (not an approved
usage) in 2013, during his complicated
grief from his mother's death. His
therapist, Lawrence Feinstein of
Redwood City, CA, was reported by
me (an RN) to Purdue due to his
alleged "paper on OxyContin ~~#~~ and
depression." Nothing was done nor any
action taken. To put it in a nutshell,
Gablin lost his ability to urinate
(permanently) without catheterization-
(1) toilet, (2) suprapubic, (3) self-cath), his
front teeth, his inheritance, his
car, his apt., his credit, his
ability to read, write and speak,
his creativity and, most of all, his
hope. Now, 7 years later, he is only
starting to regain his faculties. I
have previously submitted many docs
and more details. Sincerely, Toni
Korapi RN
